NOW STOCKING: ROYAL RED GRANDIS TONGUE & GROOVE

Disdero is proud to introduce Royal Red Grandis Tongue & Groove for both interior and exterior applications. This sustainably harvested imported hardwood is kiln dried for enhanced stability and precision milling.

Milled by Disdero into a reversible 1x6 T&G profile, Royal Red Grandis offers two distinct looks: a smooth Fineline nickel gap face and a smooth V-joint back—giving your customers design flexibility in a single product.

When left exposed outdoors, Red Grandis is known to perform for decades without treatment. For maximum longevity and appearance, Disdero recommends sealing with a high-quality exterior finish.

STOCK

1x6 Royal Grandis KD Reversible T&G - 1/8" Fineline Smooth/V2E Smooth

R/L 9'-15' odd & even lengths | 225040-2000
